

Have you ever wondered what your spiritual gifts are or are you like many people who believe they don't have any. All believers in Jesus Christ have been given spiritual gifts to help the church; in fact most believers are given several gifts. Some people although they believe that they have a spiritual gift, they think that it is not important to the church. Not all the gifts are the big showy ones like preaching or teaching, but I can see

where they are just as important to the church. My primary gift is Hospitality. I can see that I use this gift in helping our church. Come and join us March 3, 2011. You might just be surprised at what you find out.

We will meet in the Fellowship Hall, Thursday evenings, at 6:30 p.m. This study is being lead by Cindy Rimel. If you have any questions, contact Cindy at 724-845-8301.
